

Northwest Bible Church Leader Guide

In 2011, a process for clarifying our vision prompted us to ask, “What does the community of Northwest Bible Church uniquely have to offer?”

From that question, we gained a greater sense of what we’re about, where God is leading us, how we are to get there, and ways to make sure we’re on the path.

And from that process, we also discovered a clearer understanding of what it means to serve as a leader in this community of believers.

This guide is the result of the journey we took to gain that clearer understanding.
