

The Leadership Lessons of Steve Jobs

Steve Jobs is among America's greatest business leaders. He transformed industries, changed society, and altered how companies do business. After his best-selling biography of Jobs came out, author Walter Isaacson saw many commentators focus on Jobs' personality — without understanding how he led.

Listen as Isaacson and Harvard Business Review Editor Adi Ignatius talk about the keys to Jobs' success, and the lessons that leaders of any organization can use in their own work.
