

What is Leadership Development?

In this video I share my definition of leadership development and why it's important that you and your team define what it is. I give a five step process you can use to work with your team to come up with an aligned definition of leadership development.

By defining leadership development you align their understanding and their efforts to develop or equip others. And once you define it and develop leaders according to your definition you can have a greater impact on your potential leaders character and competencies.
